## **Web site and telephone hotline created for Prop X**

**By Daily Transcript staff report**

*Monday, October 12, 2009*

The South Bay Union School District has set up a bilingual toll-free hotline, (888) 627-7679, and a Web site, [www.buildingpropx.com](http://www.buildingpropx.com), as part of the district's Proposition X outreach program.

Both resources will provide a detailed scope of the work going on including upcoming contracting opportunities, the proposed program master schedule and information on the Citizens' Bond Oversight Committee.

The \$59.4 million proposition will renovate seven of the district's 12 elementary schools. At the remaining five schools, work will include improving windows, replacing sewers, and remodeling bathrooms.
